A Note from the Environmental Affairs Advisory Committee & Green Team

Save money and time and reduce waste by leaving grass clippings on your lawn when you mow, and let nature do the recycling!! 🍃🍃🍃

You'll save money on fertilizer since grass clippings return nutrients to the soil. Plus, you'll avoid purchasing yard waste bags. You'll save time since you won't have to stop and empty your lawnmower bag and then haul the bags of clippings to the Township Garage/Dump.

You can achieve the lawn you want and also protect our environment when you Cut It and Leave It! Learn more at WWW.MEDFORDTOWNSHIP.COM/EAAC
